If you've noticed the slow down in daily stories on Orange Live recently, I truly apologize. I haven't had heat in my home for over a year and the space heaters haven't been able to help enough. My fingers were freezing when I tried to post something and for the most part, I lost the use of my hands during the past two months. Luckily, I was able to get a NEW Furnace on Jan. 2 and now I have feeling in my fingertips again and I can sit at the keyboard and concentrate on working again. I thank you ALL for your patience and continued belief in Orange Live. It just gets better from here. Let's do this!!!  
I wish I had known, Winsupply of Shelton would have donated the furnace and found a charitable contractor to help you! - Jen Ryan
